

Why give to Eltham College?

Eltham College is proud of the achievements of its pupils and the contribution former pupils make to every walk of life. The Governors are responsible both for the development of the buildings and grounds and for the provision of Bursaries, combining careful management of resources, judicious borrowing and the generosity of Old Elthamians and Parents. This year we are asking for help with Bursaries and two initiatives - the expansion of language provision in the Junior School and the redevelopment of King George's Hall.

The Annual Fund

The Annual Fund finances Bursaries and also modest and achievable projects which enhance the life and educational development of our pupils. It has a proven track record and continues to deliver real benefits to parents, pupils and staff which school fees alone simply cannot deliver. Campaigns have raised well over £1 million, two thirds of which has been distributed in Bursaries and one third on projects.

giftaid it

Bursaries

Eltham College currently offers over 200 Scholarships and Bursaries, ensuring that access to the school's all-round educational excellence is available to gifted pupils from a wide variety of backgrounds, regardless of family income. The benefits of offering such awards extend beyond those who receive them, enhancing our social diversity and enriching the Eltham College community.

Redevelopment of King George's Hall

Outstanding schools are never just about academic work; it is equally important to us that we consider the wider wellbeing of our community. The existing facilities in King George's Hall are inefficient and not ideal for our younger boys. In a phased development we aim to modernise our cooking facilities and improve the quality of the dining space by adding acoustic panels, better lighting, new flooring and fully mobile counters.

The new layout offers the potential for "theatre" cooking, enabling us to prepare pupils for their culinary life after Eltham College.

Junior School Languages

Following our languages review, French teaching is being extended to all year groups in the Junior School and German will be introduced in Year 6. With all pupils learning three languages, including Mandarin, during their time at ECJS, a new languages facility will be created and we are looking for help with the funding of the equipment the pupils will use there.

Language learning during the early years centres on speaking and listening skills. With your help the pupils will be able to create recordings, videos and animations, both for play-back learning use and to develop resources for each other. This new equipment will also allow us to set up direct links with our partner schools in other countries.

Thank you

We would like to thank the following donors, and those wishing to remain anonymous, who have supported the Annual Fund over the past year:

Mr Felix and Mrs Sarah Abaidoo, **Mr Steven and Mrs Tracy Abbott**, Ms Danielle S Abrahams, **Dr Behzed Abrishami and Dr Azita Shafei**, Mr Matthew and Mrs Francisca Abu, **Mr Kolawole and Mrs Ajibike**
